Single Batch Irish Cream Liqueur

exclusively sourced and produced in County Cork, Ireland

Introducing Five Farms, the world's first premium Irish Cream Liqueur. County Cork is Ireland's largest and southernmost county, where the mild climate and abundant rainfall produce lush pastures of vibrant green grass for grazing cattle. The dairy cream in Five Farms is produced in single batches from family-owned farms in this region, resulting in rich dairy cream of the highest quality and consistency. The cream is then expertly blended with triple-distilled Irish Whiskey, which has a smoothness and complexity that add depth to the sweetness of the cream. Five Farms contains more Irish Whiskey than other brands on the market, allowing for an intensity of whiskey flavor and warmth that is truly one of a kind. A higher percentage of premium Irish whiskey results in a superior Irish Cream Liqueur.
