## PANAMA RUM

### PORT CASK

We are excited to announce our 2023 limited release of Grander Rum, made from 3 very special casks sourced from Portugal.

Barrel Series are rums finished in unique casks and this release is a blend of casks, 225 Liters each, that were sourced from Portugal where they were used to mature Red Tawny Port.

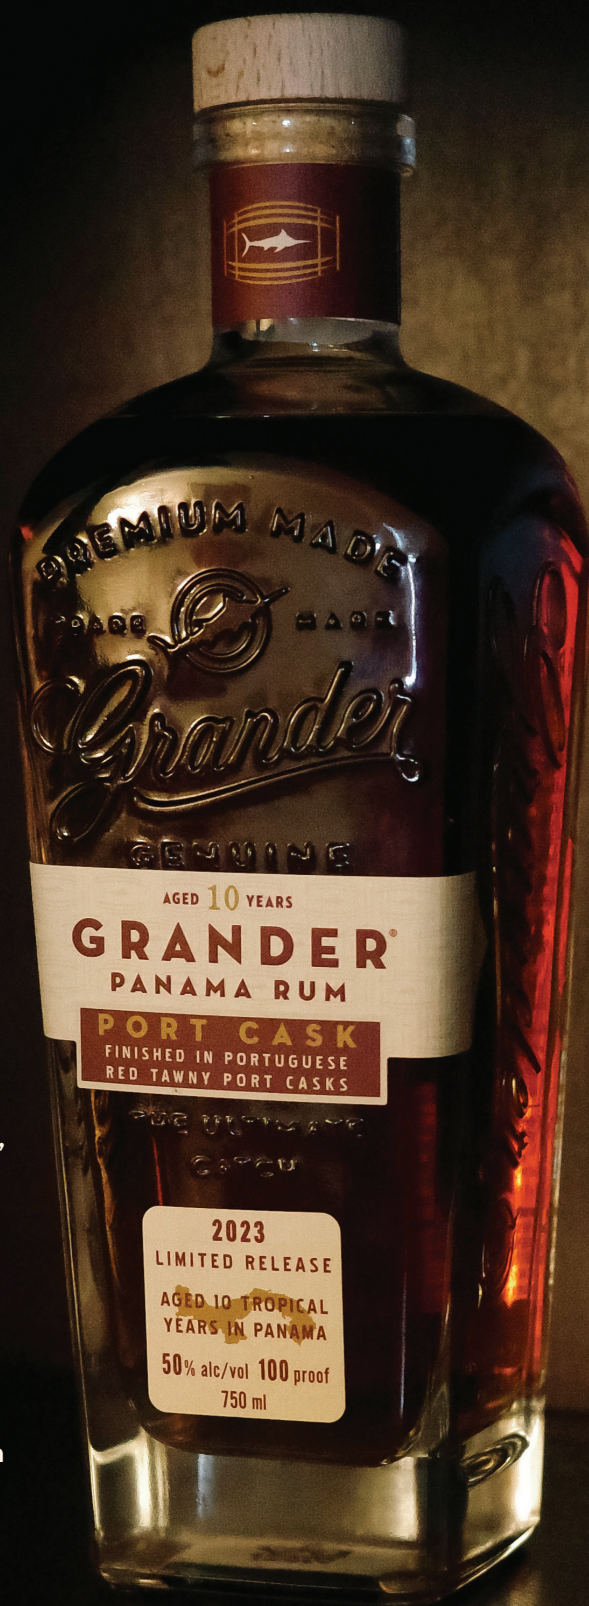

The casks were sent to Panama and filled with 10 Year Old rum in March 2022 at 54.2% ABV. These casks were dumped on February 2023, blended together and proofed to 50% ABV with a yield of 147 cases (882 bottles).

The color is a beautiful shade of mahogany, strictly from the barrel. The rum is well integrated with notes of caramel, chocolate, dried fruits and nuts.

AGED **10** YEARS

This release consists of 10 Year Old rum aged in ex-bourbon barrels and then aged an additional 11 months in the three casks listed above.

Our rum is strictly distilled, aged and bottled in Panama.

50% ABV  
SIZE: 750ML USA
