

TENJAKU BLENDED WHISKY

Craft Japanese Whisky

Starting with a mash bill of 86% corn and 14% barley, the whisky is then double copper pot distilled using some of the world's most pristine waters from the Misaka Mountain range in the Mt. Fuji basin, 250 meters below the surface. This is some of the purest water in the world and where the highest-grade sake's source their water. Finally, Tenjaku is aged in heavily seasoned Kentucky bourbon barrels resulting in a rich, full bodied malt flavor, with a grain taste that is toned down but freely allowed to express its individual characteristics. This exquisite balance forms a clean, timeless blend of 3yr, 5yr & 6yr whisky.

Color

Clear amber

Nose

Faint smoky accent. Sweet aroma, redolent of pear and dried fruit.

Palate

Well-rounded and mellow

Finish

Slightly spicy. A long finish with a hint of white oak and a spreading sweetness

TENJAKU PURE MALT WHISKY

Craft Japanese Whisky

Starting with a mash bill of 100% Malted Barley, the whisky is then double copper pot distilled using some of the world's most pristine waters from the Misaka Mountain range in the Mt. Fuji basin, 250 meters below the surface. This is some of the purest water in the world and where the highest-grade sake's source their water. Next, Tenjaku Pure Malt is aged in heavily seasoned Kentucky bourbon barrels creating a harmonious blend of 100% aged malt whiskies. The result is a masterful blend of mostly 5yr & 6yr whiskies.

Color

Rich amber

Nose

Nutty, with hints of green apple and fresh herbs. Richly rounded with only a slight smokiness.

Palate

A crisp alcoholic presence, solid, yet delicate and smooth in the mouth.

Finish

Refreshing and clear aftertaste with a long finish. Vanilla notes give way to understated woody flavors that linger in the mouth.

Masterfully distilled by Kenji Watanabe, who has produced some of the finest and highest rated Japanese whiskies in the world since the late 90's.
